

MiniFlex 600/PDXL Training Class

Rigaku Americas Corporation held an XRD MiniFlex 600/PDXL training class March 24 through March 26, 2015 at its application facility in The Woodlands, Texas.

This class provided an excellent opportunity for new customers to become acquainted with their hardware and software in a hands-on fashion. [Click here for more information.](#)

Akhilesh Tripathi taught students how to load samples, went through software and training on the MiniFlex, and gave a tour of the lab.
